1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- replace the abstract with the new abstract:

"The present invention is directed to a method and a system for providing a gauge table with a requested format capable of being accessed via the Internet for a railcar tank based on a request and an error report generated from data identifying the railcar and the gauge table file of the identified railcar"

- in claim 14, line 1: replace number "13" after "the system of claim" (line 1) with "11."

The amendment is made on this minor and typographical error of claim 14 since claim 13 was canceled previously and this dependent claim 14 is a system claim:
